Dear IARIW Members,

This message is to update you on recent developments related to the Association.

2012 General Conference

The 32nd IARIW General Conference took place in Boston, USA, August 5-11, 2012. For the first time in its 65 years of the Association's existence, the conference was held in the United States. The event featured a very successful opening joint session with the Conference on Research in Income and Wealth (CRIW), establishing a budding relationship between the two organizations, which have very similar objectives. The conference also organized special sessions on economic data held on Wednesday, which were a bonus for delegates, particularly economists from statistical offices. The Association was greatly honored that Ben Bernanke, Chair of the Federal Reserve Board, agreed to open the conference and that Larry Summers from Harvard University agreed to provide a dinner address in honour of his late father Robert Summers, a long-time IARIW member. The conference set an attendance record, with 320 delegates attending. The Association would like to thank the US Bureau of Economic Analysis for the superb job they did in organizing the event. All conference papers are posted at <http://www.iariw.org/c2012.php>.

Council Election

Five persons ran for the biennial election to Council, which took place shortly before the General Conference. The three persons elected to Council for the 2012-2018 term are:

- Prasada Rao (University of Queensland),
- Marshall Reinsdorf (US Bureau of Economic Analysis),
- Marcel Timmer (University of Groningen).

In addition to the three new elected members, the Council appointed three co-opted members for the 2012-2014 term:

- Ann Lisbet Brathaug (Statistics Norway),
- Gerard Eding (Statistics Netherlands),
- Kevin Fox (University of New South Wales),
- Roberto Ramos (Instituto Brasileiro de Geografia e Estatística (IBGE)).

The list of Council members and brief bios are posted at <http://www.iariw.org/councilmain.php>.

Members Meeting

The IARIW Members meeting was held at the General Conference. Reports from the Treasurer, Executive Director, and Editors of the Review of Income and Wealth were presented to the

2014 General Conference

Local arrangements will be handled by the Statistics Netherlands.
